*Please contact us for a quote.

Pricing, which includes the Standard Services listed above:

100 units	\$1,125.00
200 units	\$1,295.00
500 units	\$1,595.00 (500 is the minimum amount needed for national promotion campaigns)
1000 units	\$2,475.00
2000 units	\$3,875.00

IMPORTANT: You need to be competitive in today's vinyl market. The audio quality has to be better than all the others out there. Let THE GATE give you that edge!

One of The Gate's pride and joys: pictured above is the nickel record that we mastered and manufactured for the New York Times "Times Capsule." It will remain sealed in the capsule until the year 3000. Our quality and service is so well known that New York Times would only trust The Gate with this very special project. If your projects are special to you, why would you trust anyone else?
